<b>Target version:</b>	Unspecified	<b>Spent time:</b>	0.00 hour
<b>Bugzilla-Id:</b>	4808		

#### Description

Chris first reported this by e-mail, but I'm still seeing it. Aaron, svn says you put these lines in.

```
java.lang.NoClassDefFoundError: org/apache/commons/logging/LogFactory
at org.kepler.util.DotKeplerManager.<clinit>(DotKeplerManager.java:54)

```

#### History

##### #1 - 02/18/2010 12:51 PM - David Welker

I am working on this bug now. It will be fixed shortly.

##### #2 - 02/18/2010 01:14 PM - David Welker

This is fixed. Logging and third-party libraries should generally be kept out of the build. If you need a third-party library that is not already present in the build, please discuss with me first.

Thanks.

##### #3 - 03/27/2013 02:28 PM - Redmine Admin

Original Bugzilla ID was 4808
