Target version:	Unspecified		**Spent time:**	0.00 hour
Bugzilla-Id:	4814			

Description

Currently the tree expands and prunes to show only search matches, their ancestors, their children, and their siblings.
I believe it would be nice to highlight the matches so that it's clear what to focus on before letting your ey wander to other [potentially pertinent] classes in the same neighborhood.

History

#1 - 02/19/2010 10:01 AM - ben leinfelder

highlighting the first core match in the result tree

#2 - 03/27/2013 02:28 PM - Redmine Admin
