

Semtools - Bug #4833

Direct Annotation (table) is adding incomplete mappings

02/24/2010 01:27 PM - ben leinfelder

Status:	Resolved	Start date:	02/24/2010
Priority:	Normal	Due date:	
Assignee:	ben leinfelder	% Done:	0%
Category:	Morpho Plugin	Estimated time:	0.00 hour
Target version:	Unspecified	Spent time:	0.00 hour
Bugzilla-Id:	4833		
Description			
When I double click a cell in the annotation table to select a class I end up completely hosing the annotation and the table because an erroneous incomplete mapping entry is created (even when I am attempting to edit an existing one)			

History

#1 - 02/24/2010 01:38 PM - ben leinfelder

I introduced this bug when consolidation the code that looks up the current annotation and attribute. simple as omitting the new local variable. works now!
