

Kepler - Bug #4849

ant eclipse fails

02/26/2010 09:10 AM - ben leinfelder

Status:	Resolved	Start date:	02/26/2010
Priority:	Normal	Due date:	
Assignee:	David Welker	% Done:	0%
Category:	build system	Estimated time:	0.00 hour
Target version:	2.X.Y	Spent time:	0.00 hour
Bugzilla-Id:	4849		

Description

[eclipse] java.io.FileNotFoundException:
/Users/leinfelder/workspace_kepler/kepler/build-area/resources/eclipse/PtolemyClasspathStart (No such file or directory)

indeed, that file is not there. There is a PtolemyClasspath, however

History

#1 - 02/26/2010 09:10 AM - ben leinfelder

I should mention this is on trunk

#2 - 02/26/2010 09:16 AM - David Welker

Fixed. Forgot to add some new files to the repository.
