Description

If you duplicate an EML package, the Annotation should be duplicated as well

Or should it?
It could also be an option since I can see wanting to get rid of the annotation (starting fresh) like it does now.

#2 - 04/27/2010 11:55 AM - ben leinfelder

Now responding to the "save duplicate event". You will be prompted as to whether or not you want to copy the annotation information as well.
