Description

I just fixed bug 4866. http://bugzilla.ecoinformatics.org/show_bug.cgi?id=4866

This fix involves the change on DateUtil class of utilities module. Currently the fix is the trunk. So we should create a new tag on utilities and use this tag on our metacat build process.

History

#1 - 03/09/2010 09:28 AM - Michael Daigle

Created UTILITIES_1_0_1 tag and updated metacat build.xml to use this tag.

#2 - 03/27/2013 02:28 PM - Redmine Admin

Original Bugzilla ID was 4871
