Description

Exporting multiple runs from the Workflow Run Manager gui sometimes gives a series of duplicate entry error messages from KARBuilder writeKARFile like:

ERROR (org.kepler.kar.KARBuilder:writeKARFile:598) Tried to write Duplicate Entry to kar WorkflowRun.9.xml
urn:lsid:kepler-project.org/ns/:129:66:1
java.util.zip.ZipException: duplicate entry: 01-SimpleAddition.urn.lsid.kepler-project.org.ns..129.62.1.xml

To reproduce:
Open a workflow
Run it 3 times
Export all 3 runs

A subsequent export of these 3 runs will not give the errors.
