<b>Bugzilla-Id:</b>	4920		
<b>Description</b>			
The toolbar buttons displayed (or enabled) should change based on the tab pane focus.			

#### History

##### #1 - 06/29/2010 10:41 AM - Daniel Crawl

This would be useful to, e.g., disable zoom in/out and new input/output port buttons in the report designer.

One method to configure this would be specifying which buttons to enable (or disable) for each tab pane in the configuration.xml file.
