

Kepler - Bug #4992

In a shared installation, how does the user get the demo?

05/07/2010 06:43 PM - Christopher Brooks

Status:	Resolved	Start date:	05/07/2010
Priority:	Normal	Due date:	
Assignee:	Chad Berkley	% Done:	0%
Category:	installer	Estimated time:	0.00 hour
Target version:	Unspecified	Spent time:	0.00 hour
Bugzilla-Id:	4992		

Description

The intro screen says

"All listed demos are in the KeplerData/Kepler-2.0.Demos/getting-started which can be found in your home directory."

In a shared installation, how does anyone other than the installer get that directory?

History

#1 - 05/20/2010 04:37 AM - David Welker

The demos are now copied to the users home directory upon start-up if they are not already there.
