

Kepler - Bug #5044

Can't insert null record using Database Writer actor

06/07/2010 05:33 PM - Derik Barseghian

Status:	Resolved	Start date:	06/07/2010
Priority:	Normal	Due date:	
Assignee:	Derik Barseghian	% Done:	0%

Target version:	2.X.Y	Spent time:	0.00 hour
Bugzilla-Id:	5044		
Description			
User reports being unable to insert null record into database using Database Writer's input port -- I don't believe there's currently a way to do this. You can send x = nil, or x = "null", or x = object(null), but none work.			
Thread for reference: http://mercury.nceas.ucsb.edu/kepler/pipermail/kepler-users/2010-June/002193.html			

History

#1 - 06/08/2010 01:40 PM - Derik Barseghian

Should be fixed in trunk at r24764.
If token is nil, now inserting null into DB. I've (only) tested this with a local hsqldb.

#2 - 06/08/2010 05:25 PM - Derik Barseghian

Corinna reports this works for her mysql DB too. Closing.
