| Description | | | |
| Just open this bug. We need those mechanism in GPP server. Dan can give more details. | | | |

History

#1 - 10/04/2010 02:25 PM - Daniel Crawl

An access control mechanism should be added to the SPAN server.

Also, Kepler's authentication manager should be updated (if necessary) to use this access control mechanism for any workflows connecting to the SPAN server.

#2 - 11/29/2010 01:31 PM - Daniel Crawl

This is done: communication to the SPAN server ports can now be done via ssh.

#3 - 02/14/2011 01:45 PM - Derik Barseghian

changing bugs from REAP to Kepler product

#4 - 03/27/2013 02:29 PM - Redmine Admin

Original Bugzilla ID was 5133
