

Kepler - Bug #5183

Fix 6-WebServicesAndDataTransformation.xml

09/16/2010 01:52 PM - Derik Barseghian

Status:	Resolved	Start date:	09/16/2010
Priority:	Normal	Due date:	
Assignee:	jianwu jianwu	% Done:	0%
Category:	general	Estimated time:	0.00 hour
Target version:	2.1.0	Spent time:	0.00 hour
Bugzilla-Id:	5183		
Description			
This work isn't working. Jianwu reports it's because a web service is down. We should fix or remove this getting-started workflow for the 2.1 release.			

History

#1 - 09/21/2010 03:41 PM - jianwu jianwu

It is fixed at r25791 at 2.1 branch and r25792 at trunk. The solution is changing Webservice operation to another one, and splitting the workflow into two workflows.

#2 - 09/22/2010 05:33 PM - jianwu jianwu

update: thanks to derik's suggestion, the changes are moved to outreach-2.1 and the outreach-2.0 is reverted back. So that kepler 2.0 release won't change and users will get new workflows by updating to kepler 2.1.
