

## Kepler - Bug #5208

### Setting sensor sampling rate <1 causes errors

10/18/2010 05:34 PM - Derik Barseghian

<b>Status:</b>	Resolved	<b>Start date:</b>	10/18/2010

<b>Target version:</b>	sensor-view-0.9.0	<b>Spent time:</b>	0.00 hour
<b>Bugzilla-Id:</b>	5208		
<b>Description</b>			
If you configure a sensor actor to a sensor rate less than 1, like .5 or .9, you quickly get a few different types of errors, which messes up/stops monitoring, and I think sometimes messes up the simulator.			

#### History

---

**#1 - 11/09/2010 09:24 AM - Daniel Crawl**

I've updated the sensor actor so that the sampling period must be an integer > 0; this appears to be the requirement in SPAN.

**#2 - 02/14/2011 01:45 PM - Derik Barseghian**

changing bugs from REAP to Kepler product
