

Kepler - Bug #5216

Retrieve the timestamps for all the metadata changes that occurred since a previous time

10/20/2010 02:14 PM - manish manish

Status:	Resolved	Start date:	10/20/2010
Priority:	Normal	Due date:	
Assignee:	manish manish	% Done:	0%
Category:	sensor-view	Estimated time:	0.00 hour
Target version:	sensor-view-0.9.0	Spent time:	0.00 hour
Bugzilla-Id:	5216		
Description This bug implements the feature which takes a sensor id and the last time stamp sine the data was stored in the metacat for that sensor, and returns all the timestamps when the metadata was changed. These timestamps reflect the time points where the data sets need to be chunked.
