Description			
Need to run an intertidal and Sedgewick field trip for the developers to become more familiar with typical field practices in ecology. To be coordinated by Eric and Carol.

Thanks, Carol. Seems like everyone got a lot out of the field trip with you. Who thinks that a trip out to Sedgewick would still be useful? Eric, are you still willing to coordinate such a thing if everyone feels it would be profitable? Thanks.

We'll need to reschedule a time to work with Eric when it's more convenient, but for bug housekeeping, I'll set this bug to LATER status
