#### Description

'Items of Interest' doesn't get enough room, and 'Report Formatting Items' gets too much.

The checkboxes (Show Ports, Show Attributes, Show Relations) probably take up too much room too. Also should Show Ports just always be on, and not shown? And should Show Relations even be an option? Relations can't be reported on, and don't seem very useful to me in list form.

#### History

Fixed the first part of this -- wrt sizing of the left panels-- at r27030.

Now need to determine if Show Ports and Show Relations checkboxes can be done away with, giving Items of Interest even more room and simplifying the interface.

##### #2 - 02/08/2011 04:45 PM - Derik Barseghian

finished at r27056

No longer have Show Ports and Show Relations checkboxes for Items of Interest Outline tab, giving Items of Interest area a little more room.
