

Semtools - Bug #5367

Verify "same observation as" query criteria

04/04/2011 02:02 PM - ben leinfelder

Status:	New	Start date:	04/04/2011
Priority:	Normal	Due date:	
Assignee:	ben leinfelder	% Done:	0%
Category:	SMS API	Estimated time:	0.00 hour
Target version:	metacat-plugin-0.9.0	Spent time:	0.00 hour
Bugzilla-Id:	5367		
Description			
The "strict=true" query condition mode indicates that the criteria in that group must come from the same observation in order to be considered true. During testing, we should make sure that the query results reflect the desired distinction is being made.			

History
