

Semtools - Bug #5368

Compound query conditions

04/04/2011 02:05 PM - ben leinfelder

Target version:	metacat-plugin-0.9.0	Spent time:	0.00 hour
Bugzilla-Id:	5368		
Description We allow grouping of semantic query conditions, but not in the web UI. Adding grouping makes the UI much more complicated, but allows exact query authoring. We've taken a simpler approach that is largely based on browsing and drilling down iteratively after applying a set of conditions (thereby making an implicit intersection of the criteria and their results). This is a place-holder bug to track whether we need to support super-expressive compound grouping.			

History

#1 - 03/27/2013 02:30 PM - Redmine Admin

Original Bugzilla ID was 5368

#2 - 11/26/2013 08:59 AM - ben leinfelder

- Target version changed from Unspecified to sms-core-1.0.0

#3 - 11/26/2013 09:09 AM - ben leinfelder

- Target version changed from sms-core-1.0.0 to metacat-plugin-0.9.0
