

Morpho - Bug #545

annotation capability for editing data

07/08/2002 10:22 AM - Matt Jones

Status:	In Progress	Start date:	07/08/2002
Priority:	Normal	Due date:	
Assignee:	Dan Higgins	% Done:	0%
Category:	morpho - general	Estimated time:	0.00 hour
Target version:	1.9	Spent time:	0.00 hour
Bugzilla-Id:	545		
Description			
<p>Currently a user can edit data in Morpho and save a new version of the dataset, but there is no place to record the rationale for the changes. Need to add an annotation facility so that a comment can be included with the metadata for each data value that is changed. We might consider a pop-up window asking the user to explain the change at the cell or record level.</p> <p>This will need to be optional and probably will need to be turned off when users are editing new data so that it isn't annoying to add new data values, although there still may need to be a rationale for why new records are being added.</p>

Is there a place in the eml metadata to store such information? If not, where should it go?

#2 - 12/04/2002 10:36 AM - Dan Higgins

Postponing until the future because there is no place to store the annotation data in eml beta 1.6 that is supported in Morpho 1.2
