

VegBank - Bug #5478

after querying plants, communities, or plots, link back to search

08/29/2011 06:28 PM - Michael Lee

Status:	New	Start date:	08/29/2011
Priority:	Normal	Due date:

Target version:	UnMilestoned	Spent time:	0.00 hour
Bugzilla-Id:	5478		

Description

When searching for something, web sites often want you to be able to modify your search terms easily and search again. We should do that. Now, you have to use the back button.

Seems like we could include part of the search page (fancy option) or at least offer a backlink to it, with the form filled out, ideally.
