| Awhile ago I changed Automate Layout to use a Kieler layout option. This broke at one point and I fixed it for 2.3 (bug#5442). At some point later on it then stopped working on trunk. |                  |                        |            |
