Description			
It misses the text like: Enter the Meta Data File (.xml) Enter Data File 1 (.shp) Enter Data File 2 (*.dbf)			

History

#1 - 11/17/2011 02:30 PM - Jing Tao

The text was not missing, but its color was white and couldn't be read.

The regtext class in sanparks.css was set:

```
.regtext {  
font-weight: normal;  
font-size: 12px;  
color: #FFFFFF;  
}
```

So I removed "color: #FFFFFF;". And created regwhitertext{

```
font-weight: normal;  
font-size: 12px;  
color: #FFFFFF;  
}
```

#2 - 11/17/2011 02:31 PM - Jing Tao

In footer, set some text to be regwhitertext. So everything looks fine.
