

Kepler - Bug #5609

use different port for HSQL db in .kepler

05/15/2012 06:08 PM - Daniel Crawl

Status:	Resolved	Start date:	05/15/2012
Priority:	Normal	Due date:

Target version:	2.4.0	Spent time:	0.00 hour
Bugzilla-Id:	5609		
Description			
The HSQL server for the cache database in .kepler uses port 9001, which is the default port number for HSQL. If another application is running an HSQL server using the default port, Kepler won't start. To fix, we should use a different port.			

History

#1 - 06/11/2012 11:25 AM - Daniel Crawl

I changed the port to 9004.
