

Kepler - Bug #5648

FileCopier code duplication

08/06/2012 04:23 PM - Christopher Brooks

Status:	Resolved	Start date:	08/06/2012
Priority:	Normal	Due date:	
Assignee:	Sean Riddle	% Done:	0%
Category:	actors	Estimated time:	0.00 hour
Target version:	2.4.0	Spent time:	0.00 hour
Bugzilla-Id:	5648		
Description			
FileCopier:			
./core/src/org/kepler/util/FileCopier.java - Fixed. Unused code which was removed.			
./actors/src/org/sdm/spa/actors/transport/FileCopier.java - abstract base class extended by			
./actors/src/org/sdm/spa/actors/transport/SftpCopier.java:public class SftpCopier extends FileCopier {			
./actors/src/org/sdm/spa/actors/transport/ScpCopier.java:public class ScpCopier extends FileCopier {			
./actors/src/org/sdm/spa/actors/transport/LocalFileCopier.java:public class LocalFileCopier extends FileCopier {			
./actors/src/org/sdm/spa/actors/transport/SrmliteCopier.java:public class SrmliteCopier extends FileCopier {			
./actors/src/org/sdm/spa/actors/transport/BbcpCopier.java:public class BbcpCopier extends FileCopier {			
Fixed - Renamed this to FileCopierBase			
The class that use FileCopier base is			
actors/src/org/sdm/spa/actors/transport/FileCopierFactory.java			
The Actor is:			
actors/src/org/sdm/spa/actors/transport/GenericFileCopier.java			
These two actors should be modified to call GenericFileCopier.java			
./actors/src/org/resurgence/actor/FileCopier.java			
./actors/src/org/kepler/actor/ssh/FileCopier.java			

History

#1 - 08/06/2012 07:44 PM - Derik Barseghian

./core/src/org/kepler/util/FileCopier.java was used by tagging. I've temporarily resurrected it, but into the tagging module, so we can compile. It most likely should be deleted and replaced though:

New Revision: 30355

Added:
trunk/modules/tagging/src/org/kepler/tagging/util/FileCopier.java
Log:
temporarily restore this FileCopier class deleted at r30351, which is used by tagging. It has hardcoded references to a WATERS perl package(?). Ask Sean to verify this isn't used by anything else, and can be deleted and replaced by some more standard file copy.

#2 - 09/17/2012 11:46 AM - Sean Riddle

Closed by r30689. Duplicate code removed and call to such code was replaced to a call to the canonical file copier implementation.

#3 - 03/27/2013 02:31 PM - Redmine Admin

Original Bugzilla ID was 5648
