

EML - Bug #566

change how eml.xsd imports resource modules

08/21/2002 11:54 AM - Peter McCartney

Status:	Resolved	Start date:	08/21/2002
Priority:	Normal	Due date:	
Assignee:	Peter McCartney	% Done:	0%
Category:	eml - general bugs	Estimated time:	0.00 hour
Target version:	EML2.0.0rc1	Spent time:	0.00 hour
Bugzilla-Id:	566		
Description			
Change eml.xsd to import resource-level modules as complex types rather than ref pointers.			

History

#1 - 08/30/2002 07:39 AM - Matt Jones

I'm pretty sure this is already completed by Peter, so I am assigning it to him to close out the bug if in fact the necessary changes are complete.

#2 - 08/30/2002 11:10 AM - Peter McCartney

Changes were made and checked into cvs
