

Morpho - Bug #5742

Save/open SystemMetadata objects locally

11/20/2012 12:22 PM - ben leinfelder

Status:	Resolved	Start date:	11/20/2012
Priority:	Normal	Due date:	
Assignee:	ben leinfelder	% Done:	0%
Category:	morpho - general	Estimated time:	0.00 hour
Target version:	2.0.0	Spent time:	0.00 hour
Bugzilla-Id:	5742		
Description			
Need to save the SM and ORE documents generated on save and check for them when opening a package. NOTE: current local open shows us only EML objects, not the ORE packages that package them. First need to determine if search can return either/both or if we can deduce the ORE identifier when given the EML identifier

History

#1 - 11/23/2012 11:07 AM - ben leinfelder

First pass will be SM only since there is no mechanism for showing ORE docs to open.

#2 - 11/23/2012 01:36 PM - ben leinfelder

Now saving and opening SM from disk (if it is available from previous save)

#3 - 03/27/2013 02:31 PM - Redmine Admin
