Description

WHen importing taxonomic coverage from a data table, the import process includes the quotes around each field if the source csv used quotes to guard against commas in the column value. We should handle this case by using standard CSV tools like we do elsewhere in Morpho.

History

#1 - 01/16/2013 02:31 PM - ben leinfelder

Now stripping the escape quotes from the values when importing them. This is both in trunk and the 1.10.0 branch

#2 - 01/16/2013 03:06 PM - ben leinfelder

this is committed
