

Metacat - Bug #5830

Deployment directory incorrect

01/29/2013 03:05 PM - Brendan Hahn

Status:	New	Start date:	01/29/2013
Priority:	Normal	Due date:	
Assignee:	ben leinfelder	% Done:	0%
Category:	metacat	Estimated time:	0.00 hour
Target version:	2.x.y	Spent time:	0.00 hour
Bugzilla-Id:	5830		
Description			
Metacat stores its deployment directory in metacat.properties, where the value can lose sync with the actual deployment. The deployment directory is a discoverable feature of the environment and should be dynamically determined rather than configured as a property.
