Description

While it is very useful for us (and I bet others) for testing, the CN URL is the first option in the preferences panel and probably the last thing we want most people to change.

I think an "Advanced" tab for the preferences screen would be good. I can think of a few other items to put on there are configurable, too!

History

#1 - 02/08/2013 11:29 AM - ben leinfelder

Now we have a "General" and an "Advanced" tab
