Morpho - Bug #5867

Make CILogon/ECP settings configurable

02/14/2013 09:03 AM - ben leinfelder

Target version:	2.0.0		**Spent time:**	0.00 hour
Bugzilla-Id:	5867			

Description

In the advanced tab, we should allow editing of:
-Identity Service Provider URL (CILogon)
-CILogon skin
-List of additional IdP URLs that support ECP

Initially we can at least just add theses to the config.xml file and expose them in the UI later. But having them easily editable will be immediately useful for testing.

History

#1 - 02/14/2013 02:28 PM - ben leinfelder

I've added these to the config.xml file, but not yet in the advanced tab.

#2 - 02/14/2013 10:44 PM - ben leinfelder

I actually can't imagine a normal user editing these cryptic ECP urls. Advanced users can switch to a testing environment by manually editing their config.xml file.
