Description matt: so let's say I have a package saved locally and on the net with a UUID [3:58pm] matt: I want to give it a DOI [3:59pm] matt: how do I do that without changing it? the Save dialog has the options disabled.... [4:00pm] Jing: good question. [4:01pm] Jing: before, you could select DOI from the combo box, then the save dialog would be enabled. [4:02pm] Jing: but we changed to the check box, we didn't consider this. it is a bug.			

History

#1 - 04/04/2013 04:04 PM - Jing Tao

- Target version set to 2.0.0

#2 - 04/08/2013 03:57 PM - Jing Tao

- Assignee set to Jing Tao

#3 - 10/18/2013 03:06 PM - Jing Tao

- Status changed from New to Closed

It has been fixed. When the user clicks the Publish check box, the saving location will be enabled.
