Bugzilla-Id:				

Description

Based on tickets like this where people want to cite an identifier (DOI) but be able to change the package and easily point people to the newest version. http://support.nceas.ucsb.edu/rt/Ticket/Display.html?id=8887

History

#1 - 09/06/2013 09:46 AM - ben leinfelder

- Description updated

- Assignee set to ben leinfelder

#2 - 09/11/2013 03:38 PM - ben leinfelder

- Status changed from New to Closed

Now showing a warning/info banner at the top of the metadata page indicating that there is a newer version (link points to latest version, traversing the obsoletedBy chain until there is none)
