Target version:	EML2.0.0rc2	**Spent time:**	0.00 hour
Bugzilla-Id:	608		

Description

In addition to fixing the other bugs for RC2, we need to do several things to prepare the release. Here is an initial list -- please add to it with other comments in this bug if you know of something that needs to be finished before the release can go out.

1) Regenerate all png files
2) Revise the README with current information

History

#1 - 10/01/2002 12:37 PM - Matt Jones

3) Remove lineage elements from all schemas

#2 - 10/01/2002 05:07 PM - Matt Jones

4) Change namespace references throughout from RC1 to RC2

#3 - 10/07/2002 02:11 PM - Matt Jones

Finished all release preparation tasks (1, 2, 3, 4). Ready to create the distribution for RC2.
