Description

Specifically:

- Match overall theming of background, containing div styling, etc.
- Use AOOS logo in header but use our wording of "Data Portal" not "Data Integration Portal"
- Keep our footer even though the AOOS portal doesn't have one - add NCEAS logo
- Keep link in header back to our search but change that to the AOOS catalog URL after we integrate catalogs
- Match the search and data categories stlying

History

#1 - 11/01/2013 03:51 PM - Lauren Walker

- Status changed from New to Feedback

The design is done, ready for review then can deploy on the live goa.nceas.ucsb.edu server

#2 - 11/05/2013 04:29 PM - Lauren Walker

- Status changed from Feedback to Resolved

The new design has been reviewed and gone through multiple revisions, I'd say it's done.
