

Metacat - Bug #6194

publish service does not create an ORE document

10/31/2013 11:59 PM - Matt Jones

Status:	Closed	Start date:	10/31/2013
Priority:	Normal	Due date:	
Assignee:	ben leinfelder	% Done:	0%
Category:	metacat	Estimated time:	0.00 hour
Target version:	2.3.0	Spent time:	0.00 hour
Bugzilla-Id:			
Description			
When the 'publish' service is called from the GUI in MetacatUI, it should generate an OAI-ORE package so that the linked data and metadata files are all downloadable from the web 'Download' link. This should happen regardless of whether the original document had an ORE or not -- by selecting 'Publish', the user is opting to create a fully fledged data package linking all of the content together.			

History

#1 - 11/01/2013 03:14 PM - ben leinfelder

- Target version changed from 2.4.0 to 2.3.0

#2 - 11/04/2013 01:57 PM - ben leinfelder

- Status changed from New to In Progress

Will deploy and test this on dev2.

#3 - 11/08/2013 08:33 AM - ben leinfelder

- Status changed from In Progress to Closed
