

EML - Bug #628

eml-physical has lit: rather than cit: references

10/14/2002 09:59 AM - David Blankman

Status:	Resolved	Start date:	10/14/2002
Priority:	Normal	Due date:

Category:	eml - general bugs	Estimated time:	0.00 hour
Target version:	EML2.0.0rc3	Spent time:	0.00 hour
Bugzilla-Id:	628		
Description			
I just noticed that eml-physical references citations with lit: rather than cit: as is the case with the other modules.			

History

#1 - 10/14/2002 10:52 AM - David Blankman

changed xmlns=lit to xmlns=cit and lit:CitationType to cit:CitationType to maintain consistency with other modules.

#2 - 10/14/2002 12:39 PM - Matt Jones

Reopening bug to reassign the target milestone to properly reflect when it was actually fixed.

#3 - 10/14/2002 12:40 PM - Matt Jones

FIXED, and the milestone now properly reflects when it was fixed.

#4 - 03/27/2013 02:14 PM - Redmine Admin

Original Bugzilla ID was 628
