Description			

History

#1 - 01/07/2014 10:11 AM - Lauren Walker

- Target version changed from 1.5.0 to 1.4.3

#2 - 01/07/2014 11:48 AM - Lauren Walker

- Status changed from New to Resolved

The popovers were being initialized before the node for the result row was added to the DOM, so the last item in the list never was initialized.
