- Status changed from New to In Progress
- Target version changed from 1.4.3 to 1.4.4

I have tested so far in Firefox versions 4+, Chrome 31 and 30, IE 8 and 11, and Safari 6.0.5.

Have yet to test in IE 9 and 10, so those will have to wait until 1.4.4

#2 - 01/27/2014 03:23 PM - Lauren Walker

- Status changed from In Progress to Resolved

Tested in IE 9 and 10 on Windows 7 and compression isn't causing problems
