MetacatUI - Task #6599

Feature # 6849 (New): Create new layout for displaying 'other entities'

Display image thumbnails in the Metadata View

09/23/2014 04:05 PM - Lauren Walker

Status:	New		**Start date:**	09/23/2014
Priority:	Normal		**Due date:**	
Assignee:	Lauren Walker		**% Done:**	0%
Category:			**Estimated time:**	0.00 hour
Target version:	1.X.0		**Spent time:**	0.00 hour

Description

Currently images are displayed at almost full size. The images should instead be contained within a thumbnail div so that all images on a Metadata page are the same dimensions and everything look consistent. See the images attached to #6566.

- Parent task set to #6849

This is a subtask of 6849 - designing a new layout for the 'other entities' in the Metadata View - we have gotten feedback multiple times that:

- The Metadata View page is too long to scroll through
- The technical metadata about the entities is not important to more users, especially at first glance
- The title "Other Entity" may be recognizable to those well-versed in EML, but is confusing to everyone else
