

Metacat - Bug #6619

Add support for ORNL Mercury metadata schema to the Metacat schema catalog

11/13/2014 11:50 AM - Chris Jones

Description			
We cache a number of schemas in Metacat, and need to add support for the Oak Ridge National Lab Mercury schema. Add this to the schema/ornl directory, and modify the xml_catalog SQL population scripts to register the schema on install or upgrade. See the DataONE ticket: https://redmine.dataone.org/issues/6353 .

I've added in support for the ORNL Mercury schema. A cached version of the v1.0 file is now in \$METACAT_HOME/lib/ornl, and the xml_catalog tables will be updated for Metacat 2.4.2 installs and upgrades.
