- Status changed from New to In Progress

- Assignee set to Jing Tao

Merged geohash fields from trunk to metacat 2.4 branch and pointed the build to metacat UI 1.6.0.

Note that the 2.4.2 upgrade routine also replaces the schema.xml in solr-home so that the new index fields are used.

Ready for testing, I believe.

- Status changed from In Progress to Closed

Seem fine.

#3 - 11/19/2014 06:27 PM - Jing Tao

I tested both default and knb theme. It worked.
