History

#1 - 03/24/2015 09:40 AM - Lauren Walker

- Subject changed from Back button is not displaying in MetadataIndexView to Back button is not displaying
- Target version changed from 1.7.0 to 1.6.6

The back button does not display sometimes in the Metadata View as well, after looking at 1.6.5

#2 - 03/24/2015 02:53 PM - Lauren Walker

- Status changed from New to Resolved

I fixed the bug in 1.6 and master to display the back link and I also added some more detailed breadcrumbs to the Metadata View.
