

MetacatUI - Task #6747

Story # 6716 (Resolved): Production-ready DataONE theme

Check cross-browser visual consistency and functionality

05/06/2015 10:10 AM - Lauren Walker

Status:	Rejected	Start date:	05/06/2015
Priority:	Normal	Due date:	
Assignee:	Lauren Walker	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	1.7.0	Spent time:	0.00 hour
Description			
I have yet to check different browsers in the new DataONE theme, so that is something I need to do before usability testing			

History

I believe the breadcrumbs looking different sometimes has been fixed - it was not a browser issue but would appear to be one if two people using different platforms had different looking breadcrumbs. (See UX evaluation doc)
