

MetacatUI - Bug #6799

publication date differs between search results and metadata view page

07/16/2015 11:35 AM - Matt Jones

Status:	Resolved	Start date:	07/16/2015
Priority:	Normal	Due date:

Target version:	1.7.2	Spent time:	0.00 hour
Bugzilla-Id:			

Description

Search results display a data citation in this format:

```
Lars Rudstam. (2008): Limnological data and depth profile from Oneida Lake, New York, 1975 to present. KNB Data Repository. ID: kgordon.35.66.
```

whereas, the metadata view page shows:

```
Rudstam L. Limnological data and depth profile from Oneida Lake, New York, 1975 to present (kgordon.35.66)
```

This is missing both the pubDate and the repository info, and some punctuation. The metadata view page citation should match the search results listing.

History

#1 - 07/16/2015 12:33 PM - Lauren Walker

- Target version set to 1.7.2

#2 - 07/16/2015 02:41 PM - Lauren Walker

- Status changed from New to Resolved

The same citation format is used in the search results and metadata view now, and the pub date was taken out of the parentheses and proceeded by a period.
