

MetacatUI - Feature #6823

Hide title field from metadata page

07/28/2015 12:08 PM - Lauren Walker

Status:	Resolved	Start date:	07/28/2015
Priority:	Normal	Due date:	
Assignee:	Lauren Walker	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	1.7.2	Spent time:	0.00 hour
Bugzilla-Id:			
Description			
It is redundant and users have commented (during DUG UX testing) that there is too much going on at the top of the metadata page and it would be nice if the abstract, keywords, etc. were viewable above the fold
