

MetacatUI - Task #6922

Story # 6919 (Resolved): User, Group, and Member Node profiles

Create Member Node profiles

01/01/2016 10:59 AM - Lauren Walker

Status:	Resolved	Start date:	01/01/2016
Priority:	Normal	Due date:	
Assignee:	Lauren Walker	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	1.10.0	Spent time:	0.00 hour
Description			
Display the member node logo, name, and description from the node info.			

History

#1 - 01/01/2016 06:35 PM - Lauren Walker

- Status changed from New to Resolved
- translation missing: en.field\_remaining\_hours set to 0.0

Member Node profiles are now available. They can be accessed via #profile/{ node short identifier }  
for example  
<http://localhost:8080/metacatui/#profile/mnDemo6>

The only place where there is a link to the member node profiles right now is in the Metadata View, where the member node logo is displayed.
