- Bug 691 has been marked as a duplicate of this bug. \*\*\*

#### #3 - 08/12/2004 03:28 PM - Michael Lee

some kind of unit test and test of what happens when many users are trying things at the same time would be great.

would be interesting to know the results of this. With XML download for example, we lose out with more than about 800 plots for XML Download, 400-600 for VegBranch. CSV download is good for 13000 plots, though.

this type of bug is always in the back of our minds and has been completed for this iteration, but should be repeated as new stuff is developed.
