MetacatUI - Task #6931

Story # 6919 (Resolved): User, Group, and Member Node profiles

User profile is grayed out sometimes even when activity is found

01/07/2016 03:17 PM - Lauren Walker

Status:	Resolved	**Start date:**	01/07/2016
Priority:	Normal	**Due date:**	
Assignee:	Lauren Walker	**% Done:**	0%
Category:		**Estimated time:**	0.00 hour
Target version:	1.10.0	**Spent time:**	0.00 hour

Description

Example is the Matt Jones profile: https://search.test.dataone.org/#profile/CN=Matt Jones A729,O=Google,C=US,DC=cilogon,DC=org

History

#1 - 01/11/2016 04:00 PM - Lauren Walker

This is being caused by users who have uploaded data but no metadata docs - the view checks if there are contributions from a user based on the number of search results (meatdata docs) - so if no metadata docs are found, the view grays elements out to indicate there is no activity to report.

Will change for the 1.10 release in case a user has contributed data w/o metadata

#2 - 01/11/2016 05:09 PM - Lauren Walker

- Status changed from New to Resolved

- Estimated time set to 0.00 h

- translation missing: en.field_remaining_hours set to 0.0

The Stats and User views now check for totalUploads in the Stats Model, instead of search results in the SearchResults collection
