MetacatUI - Task #6946

Story # 6945 (Resolved): Expose Member Node services

Create mockup of the services display in metadata and search result views

01/20/2016 09:38 AM - Lauren Walker

Status:	Resolved	**Start date:**	01/20/2016
Priority:	Normal	**Due date:**	
Assignee:	Lauren Walker	**% Done:**	0%
Category:		**Estimated time:**	0.00 hour
Target version:	1.12.0	**Spent time:**	0.00 hour

Description

The services will be displayed in three locations:

- The Metadata View for data sets with objects loosely coupled to a service
- The Metadata View for the service itself
- The SearchResult views for loosely coupled services - probably the only difference will be an icon indicating that search result is a service

History

#1 - 02/01/2016 05:27 PM - Lauren Walker

- Status changed from New to In Progress

First revision of the services mockups should include:

- Show URL, type of service, and service description in Service Metadata View the same way it is displayed in Science Metadata Views
- Make services more obvious in the search results
- Create mockup of what will happen when user clicks on services button in data package contents table
