Description

If I visit the arctic-data-admins profile on arcticdata.io, <https://arcticdata.io/catalog/#profile/CN=arctic-data-admins.DC=dataone.DC=org>, the number (currently 3000) above the far-right bar is cut off. See attachment. I expected the number to not be cut off.

I have reproduced this on Chrome and Safari on Mac OS 10.11.4
